

**VISA Account Updater (VAU) Opt-Out Form**

Saving your card number with billers and merchants makes paying quicker and easier, but when your card number changes or when your card is re-issued, these records can be a hassle to update. Your Georgia Heritage FCU Visa Debit / Credit Card can help make updating your payment information more convenient.

The **VISA Account Updater (VAU) Service\*\*** is an account updating service in which your Georgia Heritage FCU Visa is automatically enrolled. When your debit/credit card(s) expire, are lost/stolen, or re-issued, the Account Updater service may update relevant card data (card numbers and expiration dates) to appropriate merchants who participate in Account Updater. This service provides updates to a VISA database only. The database is accessed by those qualified merchants seeking your account information after you have requested they process a recurring payment(s). This service is provided as a free benefit to you to help facilitate uninterrupted processing of your recurring payments. Participation in the VAU Service does not relieve you of the obligation to ensure your card information is updated with each merchant. **\*\*Please note that not all merchants participate in the VAU Service.**

**If you wish to OPT-OUT of the Visa Account Updater (VAU) Service, please check the box and complete the required information below and sign where indicated.**

I **DO NOT** wish to participate in the VISA Account Updater (VAU) Service.
